The Director
Charity Commission
London
England

Dear Sir/Madam,

This serves to verify that the Ken and Sadie Student Support Initiative (KASSSI) is a vibrant and active community group operating at Petersville in the parish of Westmoreland, Jamaica. This group has been in existence since July 2007. Since its inception the members have completed several community Initiatives such as health fair, literacy programmes, the completion of a bus shelter and are current in receipt of over five thousand (5,000) books for distribution among three schools. This group interacts with most of the government and organizations across the parish.

Based on their involvement I hereby endorse KASSSI as a credible voluntary charitable organization.

We are therefore requesting that you offer your assistance to allow KASSSI to complete their registration as a charitable group thus enabling them to assist much needy students and families. Anticipating a favourable response

.....
Ron Daley
Parish Manager
