To the members of KASSSI,

This letter serves to inform you of how appreciative I am of the laptop that was donated to me. It has really impacted on my life and has helped profoundly in my studies. Receiving this laptop has also provided me with an element of safety. Before, I needed to use computer equipment at Internet Cafes and schools' libraries; this enviably meant staying out late into the evenings incurring risks as I travelled home alone.

Having this Laptop also enables me to complete my assignments and submit them in a timely manner. I now feel more stimulated to achieve academically, I am more rested and as a consequence, better placed to explore my intellectual resources. This has really been a blessing to me and so I express my sincerest gratitude to the team, KASSSI, not just on a personal level, but for the work that your team continues to perform in our community.

I am an active member of the community working with the Community Development Committee (CDC) and the Collaborated Christians in Action (CCIA). We deliver programmes of befriending, empowerment and mentoring etc. I aim to add initiatives from KASSSI to this list, regardless of the outcome of my request for I am impressed by your resolution, and your drive is infectious.

May the Lord continue to send his richest blessings upon you all as you continue his good works. Thank you.

Yours Sincerely,

T.Wallace (Ms.)
